[Intended use]
This product is used when collecting plasma from whole blood.

[Composition]
Tube, Cap : Polypropylene
Additive : Heparin lithium

[Limitations of use]
This product is specially designed for FUJI DRI-CHEM system. This product cannot be applied to other systems.

[Warnings and precautions]
1. Do not reuse.
2. Do not use a deformed tube to avoid causing malfunction of the analyzer.
3. Do not use a tube that fell on the floor as it could be contaminated.

[Storage and handling]
1. Do not store at high temperature to avoid deformation.
2. Always keep a screw-cap closed.

[Procedure]
Consult “INSTRUCTION MANUAL” for FUJI DRI-CHEM ANALYZER.

[Disposal information]
Used tubes are categorized as infectious waste. Make sure to dispose of them in accordance with the Waste Disposal Law and other related regulations, which prescribe the proper method of disposal, such as incineration, melting, sterilization or disinfection.

[Contents]
1.5 mL tube or 0.5 mL tube with cap (green): 500
