Case Study of Kintone

全球IT服務供應商 Global IT Service Provider

將顧客資訊與銷售資料連結至Kintone以集中管理，從而清楚掌握銷售進度。當所有報價和會議紀錄都實時顯示在同一平台，就可以迅速作出更準確的決策。銷售案例亦在短時間內增加了15%。

Link customer information and sales data to Kintone for centralized management, gaining a clear overview of sales progress. When all quotations and meeting records are displayed in real-time on the same platform, more accurate decisions can be made quickly. Sales cases also increased by 15% within a short period.

市場研究及諮詢服務供應商 Market Research & Consultancy Service Provider

不但價錢合理，而且很容易就建立了一個屬於公司的系統。Kintone可以無限新增多個「應用程式」及「交流空間」。無需編碼，非常簡單快捷，給我們更大的自由度去修改程序，從而降低運作成本。

Not only is the price reasonable, but it is also easy to establish a system tailored to the company. Kintone allows unlimited addition of "applications" and "spaces". No coding is required, making it very simple and quick, providing us with greater flexibility to modify processes and reduce operational costs.
