

Account Payable Automation

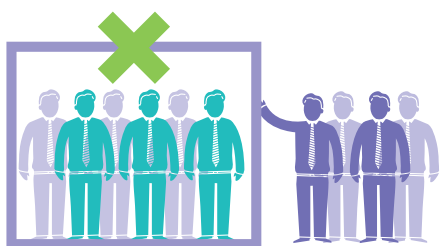

Fuji Xerox helps you to optimize cash management by automation of your account payable process. It gives you full visibility on spend liability and cash flow, enhanced compliance and reduce risk of non-conformance.

The Challenge

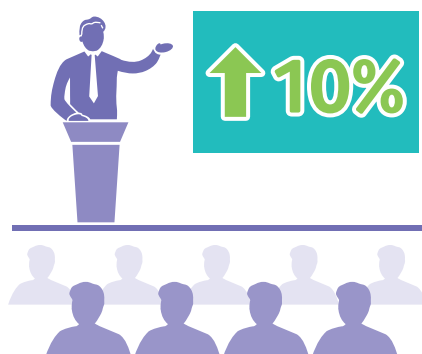

Why strategic CFO require FUJIFILM Account Payable Automation

6 out of 10 treasurers think that their cash flow forecast has either “significant” or “major” inaccuracies

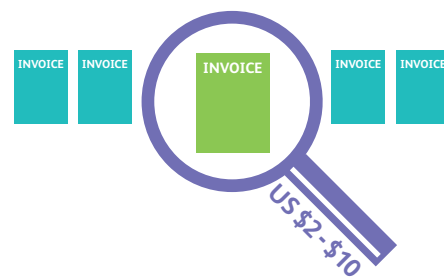

- As result, CFOs are likely to lock up their cash reserves. They are unable to invest optimally or address strategic imperatives.

39 % of organizations say invoices had increased as much as 10 % from the prior year and another 24 % stated that volumes had exceeded 10 %

Cost per invoice for companies that rely on paper-bound processes run between **US\$2** and **US\$10**

- With no automation, high invoice volumes simply means high labor expenses

Incoming channels of invoice:

30% of AP managers has no control on spending on invoice processing

Key factors undermining CFOs

- Insufficient visibility
- Operational inefficiency
- Excessive cost

Major component of processing cost:

- Overhead
- Labor
- Storage, distribution & retrieval
- Error and late interest
