Raspberry
instax mini 8 - the camera that brings instant fun and excitement to your everyday life

Simple operation for instant pictures

1. Press the button beside the lens to turn power on.
2. Adjust the dial to the lit position.
3. Shoot and obtain pictures instantly.

Brightness adjustment dial

instax mini 8 automatically determines the best brightness for taking a picture, and informs you of the suitable setting by lighting the corresponding lamp. Turn the brightness adjustment dial to the position (mark) of the lit lamp.

Description of marks

- Indoors, Night F12.7
- Cloudy, Shade F16
- Sunny, Slightly cloudy F22
- Sunny and bright F32

Shutter speed 1/60 sec. (Fixed)

High-key mode

You can take a high-key photo easily.

Setting the brightness adjustment dial to the high-key mode mark allows you to take pictures with a softer impression.

As a fashion item

ENJOY coordinating your fashion with the camera’s body color, and the optional hands-free shoulder strap.

Photos can be printed immediately, adding to the fun by creating keepsakes to share on any occasion

Decoration

Have fun adding illustrations and text to your shots.

Communication

Enjoy the pleasure of sharing photos on the spot.

Memories

Precious memories are best saved by printing out and collating photos in an album.
