

Dear Valued Customer,

December, 2016

### Announcement of improved 4LW

This is to inform that 4LW will be changed as below.

We hope that this change will help you to use our Prescale more comfortable.

I wish to express my appreciation for your understanding.

#### Type

Prescale 4LW

#### Schedule

Improved 4LW will be sequentially shipped from January, 2017

#### Features

Only C-film of current 4LW will be changed into improved type. A-film is the same as current type. Improved 4LW has three features as below.

- (1) The color of improved 4LW comes out faster than current 4LW.
  - Current 4LW colors slower than other types. Improved 4LW colors soon the same as others.
  
- (2) The color chart of improved 4LW differs from current 4LW.
  - Please make use of new "Standard color samples" for improved 4LW.
  - FPD-8010E is able to be used without any updates.
  
- (3) New package
  - The package of improved 4LW will be changed into the same as other types.
  - Please refer to attached pictures,

Sincerely yours,

Fujifilm Corporation  
Industrial Products Division
